- CF to SATA !
- Bootable !

This internal Compact Flash to SATA board enables you to connect a CF card type I/II and IBM Microdrive, which can be used as a hard disk. The CF card works as additional storage space as well as HDD for an operating system from which you can also boot.

Features :
• Supports CF-Card Typ I/II and IBM Microdrive
• 22-pin SATA data- and power connector (male) on board
• Bootable
• Dimension (LxWxH): 74 mm x 51,5 mm x 6 mm

System requirement
• Windows, Mac and Linux
• A free internal SATA interface

This adapter can replace the internal CF-IDE adapter in M300-enclosures.
